

At Suzy's Helping Hands, we know that life's transitions can feel overwhelming. That's why we've perfected a streamlined, stress-free process to make your move simple and successful:

## 1. Decide: What Stays, What Goes

We work with you **room by room** to identify what items you'll keep, and what will go to elsewhere—whether to family, friends, or charity.

## 2. Organize and Sort

Together, we determine the best path forward for the remaining items:

- ▶ **Family and Friends:** Precious keepsakes go where they're most cherished.
- ▶ **Donation:** Items with value but no immediate takers find new life through charities.
- ▶ **Liquidation:** We maximize returns on valuable items via auctions or resale.
- ▶ **Responsible Disposal:** What's left is safely and responsibly discarded.

## 3. Liquidation and Donation

Our team organizes items and works with trusted partners to ensure every valuable item gets the best placement. Unwanted items that can still be useful are donated to local charities.

## Your Move...Simplified

We cater to your unique needs, whether you're downsizing, relocating parents, or making a fresh start. We prepare your possessions, coordinate with strategic partners, and ensure your new space feels like home.

## 4. Haul Away the Rest

We handle the heavy lifting, ensuring discarded items are removed efficiently—leaving nothing behind but peace of mind.

## 5. Prepare Your Home for Sale

Our professional team transforms your home into a buyer's dream:

- Coordinate repairs and updates.
- Arrange professional cleaning and painting services.
- Stage furniture and decor for that all-important first impression.

## 6. Transition to Your New Home

We make your arrival seamless...in a single day! From arranging furniture to setting up TVs and essentials, we'll have everything ready for you to feel at home from day one.
